

Show Some Love

Boycott Hallmark

Support Senator Josh Hawley

Boycotts are as Republican as Abraham Lincoln

Cancel culture is a cancer on American culture and too many big corporations seem to be in favor of it. We are in favor of Free Speech; we don't want our politicians to bow to the whims of big corporations. In the second week of January 2021 the Hallmark Company publicly showed their displeasure with Senator Josh Hawley by requesting he return campaign donations. At the time the Hallmark company was very open about why they wanted to publicly disavow Senator Hawley —Senator Hawley supported President Trump. (Now Hallmark is backpedaling and claiming they just don't want to be political... we suspect Hallmark noticed that Trump supporters buy cards.) We fully support the Hallmark company's right to not give money to politicians they don't approve of. But as Americans we feel WE HAVE THE RIGHT TO NOT GIVE MONEY TO A CORPORATION THAT IS IN FAVOR OF CANCELLING DISSENT. If a crony corporatist wants to strip away OUR free speech rights, guess what? WE ARE VERY COMFORTABLE CANCELLING THEIR ACCESS TO OUR WALLETS. Get serious about how you spend YOUR money. Cancel THEIR access to YOUR wallet.

What to do? Well... You can refrain from spending ANY money on Hallmark products this Valentine's Day. You can make your own cards... Better yet... You can make a card and send it to Josh Hawley pledging YOUR support of his stance. And you can tell all YOUR friends.... Valentine's Day is too special not to show your love... Show that love is bigger than Hallmark. You don't need a corporate card to show you care. Show Hawley and Hallmark you care. Send a card. Join the boycott.
